Real Revenue Breakdown		
Natural Flow Users $	$	-
Fort Hall Project $	$	-
Interest		$70.03
Total	70.03	
Net Income	($20,757.60)	

Note on Revenue: Revenue is only $70.03 for this year because Water District 27 switched the way it assessed it's users. Previously, users would prepay for the coming fiscal year using a three year average of water usage. In 2024 the water district switched to a year usage way to bill. Because of this no assessments were collected in 2024 as they had already been paid in 2023 through the averages. Assessments have been collected in 2025 as the new billing system is in place (single year usage rather than multiple rolling year average)
